Geographic Location of Project: XXXXX / Country

First Assessment of Potential Application

1.	Place of installation (Hospital, School, public area, others)?
	<i>Location of installation:</i>
2.	Reasons/motivation to install a water purification system (diseases, turbidity of water, others)?
	<i>Reason/motivation:</i>
3.	Number of people who will get access to the clean water?
	<i>Number of beneficiary:</i>
4.	Existing source of water (river, lake, bore hole, well, public water supply, rain storage, others)?
	<i>Source and amount of water:</i>
5.	Inorganic contaminations of existing water like Lead (Pb), Copper (Cu), others?
	<i>Known ions:</i>
6.	Bacteriological contaminations (Escherichia coli, Vibrio cholera, Salmonellosis, others)?
	<i>Known bacteria:</i>
7.	Do you have access to an incubator to support an investigation? (Hospitals, Doctors, others)?
	<i>Location of incubator:</i>
8.	Present availability of electric power (public supply, photo voltaic, none)?
	<i>Available electric power:</i>

9.	Who would take care / maintain the new plant?	
	<i>Responsible person(s):</i>	
10.	Possible contribution / involvement of beneficiaries?	
	<i>During installation:</i>	
	<i>For maintenance:</i>	
11.	Are there other NGOs involved in the clean water project?	
	<i>Name of NGO:</i>	
12.	Installation data?	
	<i>Date and duration:</i>
